Exclusive deals for Island Cruising members

Get off to a flying start this season with these cruising essentials.

Raymarine®   **vespermarine**   **ocean SIGNAL**   **rescueME))**

Cruising Multi-Function Displays perfect for island bound vessels

The Raymarine Axiom range provides blazing fast performance and power at your fingertips. This range comes with wireless radar, instrument and AIS compatibility.

Powerful day and night Radar Imaging

The Quantum Radar range is perfect for offshore cruisers, especially if you want increased awareness. Easily identify dangerous targets through the addition of Doppler collision avoidance technology. It has low power consumption and a simple, easy to install wireless design.

Precision wind and steering in the open ocean

The wireless TackTick range with a modular solar design and a highly sensitive wind instrument is easy to install, wireless (no mast cable) and includes Microtalk SeaTalk gateway connectivity. TackTick wireless Wind is the perfect accompaniment to any Raymarine MFD/instrument and award-winning evolution autopilots (to provide precise wind vane steering).

Make sure your crew is safe with Vesper AIS

An integrated Vesper AIS provides critical vessel details as well as an auto anchor, collision avoidance and man overboard alarm. It has low power consumption and a high-resolution GPS transponder - the Vesper AIS will keep you up to date via the MFD or the WatchMate mobile app.

Global Emergency Services for Cruising Vessels - Ocean Signal Safety Beacons

The world's smallest **PLB** suitable for land or at sea, provides reassurance that global emergency services are only a press of a button away. The most likely rescue is from your own vessel. **MOB1** will trigger an AIS and DSC alert when activate - and proven to save lives, the SafeSea CAT I E100G **EPIRB** with automatic release housing is perfect for offshore cruising vessels.

Purchase any of these exclusive ICA member deals at one of the participating retailers and complete the form provided - we'll send you a Prezzy Card to the value of the 'cash back' indicated below.

<u>ONLY</u> **available through these participating Retailers: Whangarei** (Empower Electrical, All Marine, Marsden Cove Marina), **Opua** (Seapower, Marine Electrics Opua, Trans Marine Pro, Cater Marine), **Auckland – Westhaven** (Nav Station, Beacon Marine, Marine Electrics NZ), **Auckland – Half Moon Bay** (Halfmoon Bay Electrical), **Tauranga** (Smart Marine, Steve's Marine).

Terms & Conditions apply: Only open to Island Cruising members (a valid membership number is required). Only one of each kit can be purchased per vessel. Only available at participating retailers listed above. Redemption form must be received by Lusty & Blundell within 30 days of purchase. All redemption forms must have the invoice/proof of purchase attached for us to process your 'cash back' Prezzy Card request. Promotions finish at the end of July 2019 or while stocks last.

Pricing as indicated below:

Quantum Radar Range	Part #	Product Description	Normal RRP Price Incl	CASH Back
	.E70363IC1	**Raymarine Axiom 7 Cruising Radar Package with Quantum Wireless Radar and C-Map South Pacific Chart card**	$4,977	$1,000
		* Use existing radar cable to power unit		
		* Wireless		
		* Low power consumption		
	.E70363IC2	**Raymarine Axiom 7 Cruising Radar Package with Quantum 2 Wireless Doppler Radar and C-Map South Pacific Chart card**	$5,457	$500
		* Use existing radar cable to power unit.Wireless. Low power consumption		
	.RADAIS-IS3A	**Raymarine Axiom 7 inch Pacific Cruising Package with Quantum Wireless Radar,Vesper AIS XB-6000, Vesper amperfied**	$6,477	$578
		* Use existing radar cable to power unit		
	.RADAIS-IS3B	**Raymarine Axiom 7 inch Pacific Cruising Package with Quantum 2 Wireless Doppler Radar,Vesper AIS XB-6000, Vesper**	$6,957	$578
		* Use existing radar cable to power unit		
	.QUANTUMCABIC3	**Raymarine Quantum range cabling kit - 10m Power Cable & 10m Data Cable**	$306	$50
		& for hard wiring system		

AIS & MOB	Part #	Product Description	Normal RRP Price Incl	CASH Back
	.XB8000-IC4	**Vesper WatchMate AIS XB-8000 Wifi with VHF splitter and MOB Beacon smartAIS Combo - one x MOB1**	$2,438	$339
		* Wifi, Anchor watch, NMEA2000 compatible, Fast 5Hz GPS, MOB alarm, Low power consumption, IPX7 rated with Galvanically isolated USB ports		
	.XB8000-IC5	**Vesper WatchMate AIS XB-8000 Wifi with VHF splitter and MOB Beacon smartAIS Combo - two x MOB1**	$3,038	$480
		* Wifi, Anchor watch, NMEA2000 compatible, Fast 5Hz GPS, MOB alarm, Low power consumption, IPX7 rated with Galvanically isolated USB ports		
	.XB8000-IC6	**Vesper WatchMate AIS XB-8000 Wifi with VHF splitter and MOB Beacon smartAIS Combo - three x MOB1**	$3,638	$621
		* Wifi, Anchor watch, NMEA2000 compatible, Fast 5Hz GPS, MOB alarm, Low power consumption, IPX7 rated with Galvanically isolated USB ports		
	.XB8000-IC7	**Vesper WatchMate AIS XB-8000 Wifi with VHF splitter and MOB Beacon smartAIS Combo - four x MOB1**	$4,238	$762
		* Wifi, Anchor watch, NMEA2000 compatible, Fast 5Hz GPS, MOB alarm, Low power consumption, IPX7 rated with Galvanically isolated USB ports		

AUTOPILOT

Part #	Product Description	Normal RRP Price Incl	CASH Back
.T70112S-IC8	**Raymarine EV-200 Sail autopilot, P70S Controller with LS-32 Hydraulic Linear Drive** * Maximum 7 tonne Displacement or 549 Nm of rudder torque	$5,618	$719
.T70161S-IC9	**Raymarine EV-400 Sail autopilot, P70S Controller with LS-50 Hydraulic Linear Drive** * Maximum 22 Tonne Displacement or 2059 Nm of Rudder torque	$9,188	$1,532

WIRELESS WIND

Part #	Product Description	Normal RRP Price Incl	CASH Back
.T120-IC12	**Raymarine TackTick wireles wind system, Microtalk STNG Hub with Tacktick remote display** no mast cable required, very sensitive wind transducer, no wind instrument required can be read on Raymarine MFD, ideal for Wind Vane steering with autopilot	$2,798	$1,199
.T120-IC13	**Raymarine TackTick wireles wind system, Microtalk STNG Hub with Tacktick remote display & I60 Wind Instrument** as above but includes i60 wind instrument and cable kit	$3,940	$1,541

EPIRB & PLB

Part #	Product Description	Normal RRP Price Incl	CASH Back
.E100GPLB1-IC14	**Ocean Rescue CAT I E100G EPIRB and one x PLB1 emergency combo** * Includes auto release housing, worlds smallest PLB, Proven to save lives, MEOSAR compatible, with 121.5MHz homing beacon	$1,279	$130
.E100GPLB1-IC15	**Ocean Rescue CAT I E100G EPIRB and two x PLB1 emergency combo** * Includes auto release housing, worlds smallest PLB, Proven to save lives, MEOSAR compatible, with 121.5MHz homing beacon	$1,858	$310
.E100GPLB1-IC16	**Ocean Rescue CAT I E100G EPIRB and three x PLB1 emergency combo** * Includes auto release housing, worlds smallest PLB, Proven to save lives, MEOSAR compatible, with 121.5MHz homing beacon	$2,437	$490
.E100GPLB1-IC17	**Ocean Rescue CAT I E100G EPIRB and four x PLB1 emergency combo** * Includes auto release housing, worlds smallest PLB, Proven to save lives, MEOSAR compatible, with 121.5MHz homing beacon	$3,016	$670
